WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) MEMORANDUM OF UNDERSTANDING BETWEEN NORTHERN RURAL TRAINING AND EMPLOYMENT CONSORTIUM (NORTEC) AND AMERICA'S JOB CENTER OF CALIFORNIA PARTNERS PHASE I OF II

This MOU does not obligate the Parties to enter into any agreements, contracts, or other obligations.

This MOU in no way restricts the Parties from participating in similar activities or arrangements with other public or private agencies, organizations, or individuals.

Nothing in this MOU may be construed to obligate the Parties, the State of California, or the United States to any current or future expenditure of resources in advance of the availability of appropriations from Congress. Nor does this agreement obligate the Parties, the State of California, or the United States to spend funds on any particular project or purpose, even if funds are available.

Background

The Workforce Innovation and Opportunity Act of 2014 (WIOA), establishes a local Workforce Development Board (WDB), which, in partnership with the chief elected official is responsible for setting policy and overseeing workforce development programs for a workforce development area. The workforce development area of NoRTEC is the geographic area covered by the eleven counties of Butte, Del Norte, Lassen, Modoc, Nevada, Plumas, Sierra, Shasta, Siskiyou, Tehama, and Trinity.

The "chief elected official" for NoRTEC itself is a special district formed by a joint powers agreement (JPA) among the eleven NoRTEC member counties. Each of these counties appoints a member of their Board of Supervisors to serve on the NoRTEC Governing Board. The NoRTEC Governing Board appoints the NoRTEC WDB, consistent with the WIOA for a private sector majority, a cross section of public agencies, education, community-based organizations and organized labor. The NoRTEC Governing Board and the NoRTEC WDB then operate as partners for the implementation of the WIOA.

The establishment of the America's Job Center of California^{SM} (AJCC) delivery system for workforce development services is a cornerstone of the WIOA, and is the primary charge of the NoRTEC WDB and Governing Board. In general, the AJCC delivery system is a network of AJCC's within which entities responsible for administering separate workforce development, educational, and other human resource programs and funding streams (referred to as One Stop partners/
America's Job Centers of California^{SM} (AJCC) collaborate to create a seamless system of service delivery designed to enhance access to the programs' services and improve long-term employment outcomes for individuals receiving assistance. The WIOA funded Adult and

Dislocated Worker programs must be provided through the America's Job Center of California[SM] delivery system, and further specifies the specific services that must be provided and the partners that must participate in the operation of the system and the delivery of these services.

Purpose

The Workforce Innovation and Opportunity Act (WIOA) requires that a Memorandum of Understanding (MOU) be developed and executed between the NoRTEC Workforce Development Board (WDB) and the America's Job Centers of California[SM] (AJCC) Partners within the NoRTEC region to establish an understanding concerning the operations of the NoRTEC AJCC delivery system. The MOU development process will take place in two phases: Phase I will address the coordination and collaboration among the partners. Phase II will incorporate a cost sharing agreement that will address how to functionally and fiscally sustain the unified system with the AJCC required partners.

The purpose of the MOU is to confirm the conceptual understanding of creating a cooperative working relationship between the AJCC Partners to define their respective roles and responsibilities. The MOU also serves to establish the framework for providing services to employers, employees, job seekers and others needing workforce services.

California's delivery system, the AJCC, is a locally-driven system which develops partnerships and provides programs and services to achieve three main policy objectives established by the California Workforce Development Strategic Plan, which includes the following:

- Foster demand-driven skills attainment
- Enable upward mobility for all Californians
- Align, coordinate, and integrate programs and services

These objectives will be accomplished by ensuring access to high-quality AJCCs within the NoRTEC region that provide the full range of services available in the community for all customers seeking assistance with any of the following:

- Career placement services
- Building basic educational or occupational skills
- Earning a postsecondary certificate or degree
- Obtaining guidance on how to make career choices
- Seeking to identify and hire skilled workers

Mission Statement and Goals

Bring together workforce development, educational, economic development and other employment services in a seamless customer-focused delivery network that enhances access to program services and improves long-term employment outcomes. The AJCC partners that are within the NoRTEC region are, committed to administering their independently funded programs as a set of integrated streamlined services to job seekers and employers, by:

- Helping businesses find skilled workers and access other support services, including education and training, for their current workforce.

- Providing an array of employment and business services and connecting customers to work-related training and education
- Continuing to align investments in workforce, education and economic development to regional in-demand jobs
- Reinforcing partnerships and strategies to provide job seekers and workers with high-quality career services, education and training, and supportive services needed to get good jobs and stay employed
- Continuing to plan, coordinate, and provide services in an integrated manner to maximize the utilization of resources and assure there will be no "wrong door" for customers seeking services from the system
- Measuring customer satisfaction and continuously improving services based upon customer feedback
- Designing and continuously improving a system that reflects statewide/regional economic development strategies and is responsive to industry sectors in the region

It is further acknowledged that the system, because it is driven by local needs, will evolve over time, as employer and individual customer needs change. In consideration of the mutual aims and desires of the AJCC Partners participating in this MOU, and in recognition of the public benefit to be derived from the effective implementation of the programs involved, the AJCC Partners agree in concept that their respective responsibilities to engage in planning, plan development, and modification under this conceptual understanding MOU will be as follows:

Funding of Services and Operating Costs

Mutual infrastructure funding is a critical part of establishing the foundation needed to support integrated services delivery. Section 121(c) of WIOA requires a Memorandum of Understanding (MOU) be developed and entered into by a group of mandatory partner(s). The development can be through a single umbrella MOU that, addresses overarching issues for the Local Board, CEO, and AJCC partners or they may choose to enter into a separate MOU with each individual partner outlined in Section 121(b)(1)(B) of WIOA and listed on pages 3 of this document, concerning the operation of the AJCC delivery system within the eleven county geographic area of NoRTEC. The MOU shall outline the operation of the AJCC delivery system and includes both the services to be provided through the system, and the how the costs of such services will be funded.

This MOU shall be developed in two phases. Phase I will address the coordination and collaboration among the AJCC Partners with respect to the delivery of services through the AJCC delivery system. Phase II will incorporate cost sharing agreements that will address how to functionally and fiscally sustain the unified system between the partners.

The signatory party to this document (Phase I) is entering into a conceptual understanding only to the description of the coordination and collaboration of service provision as outlined in Attachment A (referenced at the bottom of page 6 of this document), and are acknowledging they are aware they will be asked to continue negotiations under Phase II of this process, the purpose of which will be to develop a mutually agreed upon cost sharing agreement to support the AJCC delivery system.

Methods for Referring Customers

The parties to this conceptual agreement shall mutually implement processes for the referral of customers to services not provided on-site at the AJCC.

These processes shall:

- Ensure that intake and referral processes are customer-centered and provided by staff trained in customer service.
- Ensure that general information regarding AJCC programs, services, activities and resources shall be made available to all customers, as appropriate.
- Describe how customer referrals are made electronically, through traditional correspondence, verbally or through other means determined in cooperation with partners and operators.
- Describe how each AJCC partner will provide a direct link or access to other AJCC partner staff that can provide meaningful information or service, through the use of co-location, cross training of AJCC staff, or real-time technology (two way communication and interaction with AJCC partners that results in services needed by the customer).

These referral processes shall be included as part of the description of services provided by partners in the One-Stop/AJCC delivery system in Shasta County:

This MOU may be modified, altered, or revised, as necessary, by mutual consent of the parties, by the issuance of a written amendment, signed and dated by the parties.

The office hours for staff at the AJCCs will be established by the site supervisor(s) and/or the employer of staff. All staff assigned to the AJCC will comply with the holiday schedule of their employer and will provide a copy of the holiday schedule to the operator and host agency of the AJCC facility at the beginning of each fiscal year.

Disciplinary actions may result in removal of co-located staff from the AJCCs and each party will take appropriate action.

Each party shall be solely liable and responsible for providing to, or on behalf of, its employee(s), all legally required employee benefits. In addition, each party shall be solely responsible and hold all other parties harmless from all matters relating to payment of each party's employee(s), including compliance with social security withholding, workers' compensation, and all other regulations governing such matters.
